

warpcore::BucketListHash
Table::insert

warpcore::BucketListHash
Table::num_values

warpcore::BucketListHash
Table::retrieve

warpcore::BucketListHash
Table::cg_size

```
graph LR; A[warpcore::BucketListHash Table::insert] --> D[warpcore::BucketListHash Table::cg_size]; B[warpcore::BucketListHash Table::num_values] --> D; C[warpcore::BucketListHash Table::retrieve] --> D;
```

The diagram illustrates a directed graph with three source nodes on the left and one target node on the right. The source nodes are labeled 'warpcore::BucketListHash Table::insert', 'warpcore::BucketListHash Table::num_values', and 'warpcore::BucketListHash Table::retrieve'. The target node is labeled 'warpcore::BucketListHash Table::cg_size'. Three blue arrows point from each of the source nodes to the target node, indicating a many-to-one relationship.
