

```
warpcore::probing_schemes  
::QuadraticProbing::next
```

A diagram showing a transition between two states. On the left, a gray rectangular box contains the text 'warpcore::probing_schemes ::QuadraticProbing::next'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'warpcore::probing_schemes ::DoubleHashing::end'. Both boxes have a thin black border.

```
warpcore::probing_schemes  
::DoubleHashing::end
```
